### CONCEPT

The Parrot Head club concept sets us apart from other clubs. Our motto is "WE PARTY WITH A PURPOSE". PHIP clubs provide an agenda of regular community service projects, which include services to both human and environmental concerns. We also supply a calendar of social Phlockings such as Happy Hours, socials, picnics, parties, road trips and what nots for us crazy parrot heads to gather and listen to Buffett tunes without someone changing the channel. Many times we incorporate fundraising, community service and volunteer hours to specific charities and organizations while we socialize and have PHUN. \* PHIP clubs are social clubs 1st and from there, those who have that special GREAT HEART, can, as a group, volunteer their time and effort in helping out the environment and their community.

### DISCLAIMER:
